DETAILED ACTION

Claim Objections

1. Claims 21-24 and 27-28 are objected to because of the following informalities:
2. Claim 21 recites the limitation “a remote client device” in line 2 and the limitation “a remote rendering client device” at line 6. As written it appears as if applicant attempts to perhaps include two different remote devices. From the review of the specification and other pending claims, the Examiner assumes applicant only provides for the one remote rendering client. As such, applicant is respectfully requested to amend the recitation for the device at line 2 to “a remote rendering client device” and to amend the recitation at line 6 to “the remote rendering client device”.

Similarly, Claim 23, at line 2 recites “the remote client device.”

Claim 24, at lines 2 and 3 recite “the remote client device.”

Claim 27, at line 3 recites “the remote client device.”

Claim 28, at lines 2 and 3 recite “the remote client device.”

Applicant is respectfully requested to amend the recitation for the device in the fore mentioned claims to “the remote rendering client device”.

Appropriate correction is required.

Allowable Subject Matter

3. Claims 1-9, 11-20, and 25-26 are allowed.

Conclusion

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
